

# SUMMER SCHOOL

THE FIRST FEW DAYS  
OF CLASS

## English Summer school beginnings!

It has been an exciting and busy time at the start of Albert's summer school program! Although it has only been a week and a half, the students have been working hard at improving and learning English. Their English skills are steadily progressing.

The English program is intensive and the students have been working hard. We are happy that they are all having a good time so far!
